One of a Kind – Ready to create your own quilt? Want to expand your designs with applique and/or embroidery? And NO angst! In this four-session class, you will begin with a simple piecing design for the center – your choice of half-square triangle, nine patch, rail fence, et cet. You have a month to finish this center. The second and third sessions will incorporate broderie perse on the border followed by embellishment using ribbon, rickrack and basic embroidery stitches. Lastly, in session 4, you will learn a faux piping binding technique for a splendid finish.

**Broderie Perse** – French for “Persian embroidery”. It is a type of applique which uses printed elements from one (or more) fabrics arranged on another background fabric. Broderie perse can be done with any printed fabric with clearly defined, separate motifs which are cut out and applied to the ground. The finished project will be suitable for a pillow, small wall hanging, or border for a quilt. Fabric selection will be the initial part of the class, but attendees may also bring appropriate fabrics from stash.

**Hand Embroidery**- This is a wonderful way to add texture to a quilt or garment. Learn some of the basic stitches and take home a sampler.

**Faux Piping Binding** – Learn a simple method for augmenting your binding with a ping-flange done in simple steps with awesome results.
